Business rewards

Driving operational efficiency

Switch to needs-based cleaning with a focus on what is needed, where and when. Eliminate unnecessary tasks and feel safe that no over- or under-cleaning takes place.

Increasing quality and customer satisfaction

A proactive approach to cleaning operations shows proven increased visitor satisfaction by **30%**¹³, and leads to dispensers being replenished and ready to use on average **99%** of the time.

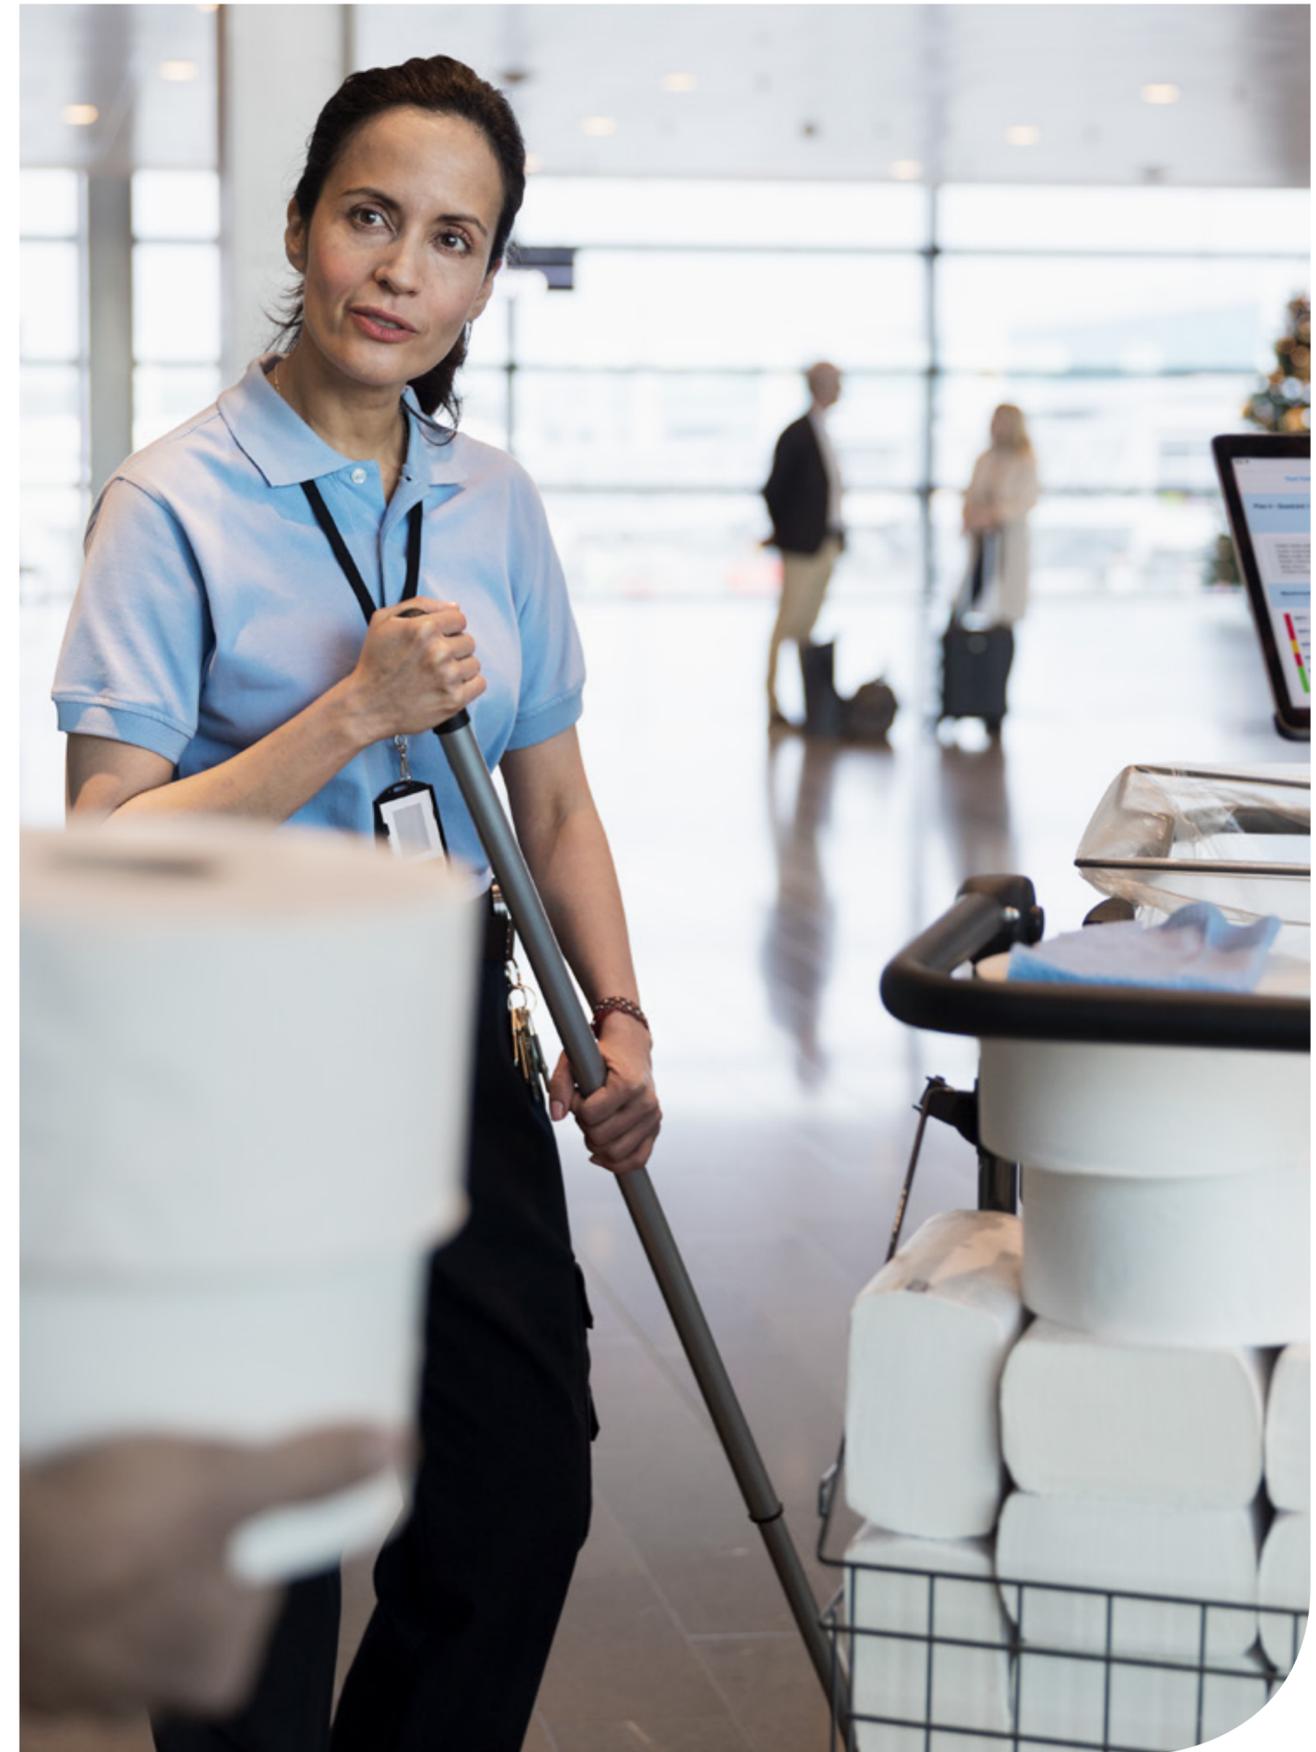

13. Measurement of visitor satisfaction in two Tork EasyCube washrooms and two traditionally maintained and equipped washrooms at ISSA/Interclean exhibition, May 2016.

Boosting staff engagement

Data-driven cleaning encourages smarter working, less stress, and a more balanced working situation instead of following a predetermined schedule, regardless of the situation.
